Student power in China

The Cultural Revolution began at Peking University. Why? How did it start and how did it develop? In one of the most detailed accounts yet to appear, Victor Nee describes China's educational system and the student campaign to revolutionize it. Prior to book publication, "The Cultural Revolution at Peking University" appears in full as this summer's double issue. Send for your sample copy now.

"... our dramatists persist in the conception of an integrated personality whose contradictions move toward the ultimate goal of harmony. But new difficulties appear in the search because man's complexity constantly grows."

That's **Lev Anninsky,** the Soviet drama critic. "Living Theatre" it isn't, but alive it is, as young Soviet playwrights write from where they're at. Where they're at is the subject of **Robert Daglish's** "Moscow Diary: Stage and Screen"; Daglish acts in Soviet films, playing Englishmen (he is one) and Americans. **Mikhail Sholokhov's** long-awaited epic novel on World War II has appeared, and we've got the first translated selections. The economic and political scene, book and movie reviews. You'll find all this in our Summer 1969 issue. We're a quarterly review that focuses on the social, cultural and economic life of the socialist countries of the world. We like what we see.
